ANTIOCH, ILLINOIS, THURSDAY, MARCH 30, 1967

VOL. LXXXI, NUMBER 40

The largest shipment to Viet Nam so far was sent out from the Antioch post office crew last week. The boys are holding packages containing Tom Toms, mailed by Antioch High School to graduates in Viet Nam. Left to right, some of the workers, Lee McKinney, Earl Walters and David Runyard.

No Opposition In Township Race

While lively contests are expected in many of the township elections next Tuesday, a very tight vote will probably be cast in Antioch Township, where the entire slate of candidates is running unopposed.

Polls will be open from 6 a.m. to 6 p.m. in all of Antioch's six precincts. Precinct 1, Antioch Fire Station; Precinct 2, the old Antioch

Village Hall; Precinct 3, Lotus School; Precinct 4, Grass Lake School; Precinct 5, Channel Lake School, and Precinct 6, Emmons School.

Candidates, all incumbents and all unopposed, are Lloyd "Red" Murrie for township supervisor; Blaine Ring for Highway Commissioner; and Mrs. Ruth Jedele and Richard Whitacre for Antioch Township Library trustees.

Break-In At Barber Shop

Radke's Barber Shop on Main St., was broken into Easter Sunday, although apparently nothing was taken.

Richard Radke discovered the back door broken open when he went to the shop at about 3:30 p.m. Sunday. His father had been in the shop between 8 and 9 a.m., he said, at which time the break in had not occurred.

Both the storm door and the inner door were broken, apparently with a crow bar. Nothing had been disturbed, as far as Radke could tell.

He reported the break-in to the Antioch police. They said no other nearby business places had been entered and theorized that someone might have scared the culprit away.

More Christmas Poinsettias Blooming

Helen Nelson's poinsettia, it seems, is far from unique. Our story last week of Mrs. Nelson's Christmas poinsettia, still blooming beautifully for Easter, brought a quick response.

Gwen Kania informs us that she also has a poinsettia, a Christmas gift, which has beautified the house since the Christmas season and at present has four blooms. Still blooming and healthy also are the poinsettias of Alice Cunningham and Winnie Sorensen.

Mrs. Kania says this is the first year she had a poinsettia. They've enjoyed it so much, she says, that she thinks they'll get one each year.

Plover birds have been known to fly 2,400 miles non-stop.

A.F.S. Needs Host Homes For Boys

The Antioch Chapter of A.F.S. will hold its monthly meeting on April 6, at 8:00 p.m. in Room 108 at the high school.

An urgent plea from the New York office of American Field Service has been sent to all A.F.S. chapters. This plea is for homes for boys. Approximately 60% of the Foreign Exchange Students that are available for placement are boys and there are not enough families requesting boys.

Because of this plea, the Antioch chapter of A.F.S. is asking the families in the high school area to think seriously of this request. There is still time to send applications to the New York office. If anyone is interested in offering his home to next year's foreign exchange student, contact president Mrs. Leslie Sorensen, 395-4017.

TRAFFIC DEATHS DOWN

Traffic deaths in Illinois for the first 15 days of March are down 21 per cent to 77 fatalities, compared to 97 in the same period last year.

The 1967 death toll now stands at 423 a 9 per cent decrease from the 469 traffic deaths reported during the same period last year.

Bob Hope tried unsuccessfully to become a prize fighter before entering show business.

Pickets Leave Willowdale Dairy

Pickets were withdrawn from the Willowdale Dairy Plant in Antioch at midnight Tuesday, after picketing since midnight Sunday.

The pickets were members of the National Farmers Organization, who have been withholding milk from the market in an attempt to get a higher price for their product.

The pickets at the Willowdale Dairy did not interfere with the operation of the plant in any way during the time they kept men posted there. The pickets were from Kenosha County.

James Burke, manager of the Willowdale Dairy, said there was no apparent reason for the picketing, as Willow-

dale purchases most of its milk from members of the Pure Milk Association.

NFO members wanted an increase of 2c a quart on their milk price. They now get 8c to 10c a quart.

A spokesman at Pure Milk Association headquarters said he had had no official word of an end of the strike, but that it appeared to be losing momentum. A week ago, he said, their milk supply, some of which comes from NFO members, had been cut by about 15%. The amount being withheld had now dwindled to about 5% he said.

Retail stores in this area have had no shortage in their supply of milk.

Scores In Bridge Match

The Lions Bridge Club Tournament is in the first round of play, with four games to be completed by each couple by April 17.

Final winners in each group will be determined by the total score they compile in the four matches within their group. The winners will go on to play against winners of other groups. The losers will play in a consolation round.

The team of Zada Vos-Millie Gaston lost a match to Kay Manzardo - Genevieve Conville, 460 and 3820. The Vos-Gaston team won a match with the Heyne-Heins team, 4910 and 420.

The Heyne-Heins team scored 3650 to defeat the Manzardo-Conville team, 1420. The team of Marge Beitzel-Dorothy Olson won a game with Manzardo-Conville 3470 and 790. These players are all in the first group.

In the second group, the Meierdicks won a match with the Koprivs, 2850 and 2290. The Les Sorensens won their match with the Meierdicks, 1750 and 1650.

In the third group, the team of Petty-Tossey won a match with the Bergs, 3090 and 770.

In the fourth group, the Walker Lyons defeated the Petersen-Olson team, 2910 and 2030. The Lyons also won a match with the Aernes, 2690 and 2450.

His Picture To Be In Text Book

Steve Miklautsch, a member of Antioch High School's champion basketball team, will have his picture in a 7th grade reading text to be published by Scott Foresman and Company.

Steve achieved the distinction by way of an unusual photograph taken by a member of the staff of the Chicago Daily News. The picture is to be included in a two-page spread of unusual sports photographs.

The picture is sub-titled "Look, Ma, I'm a Bird", and shows Steve in mid-air, arms outstretched, as he leaped high for a layup.

The book publishers wrote to the High School, asking that Steve's permission to include the picture in their book be obtained. Steve and his parents consented.

Issues Charter

The office of Secretary of State Paul Powell announces that a charter has been issued to R & L Sportsmen's Club, Inc., of R. No. 1, Box 2090, Antioch, as a not-for-profit corporation, in the names of Ray Doyle, Howard Kneas-kern and Lois Veckey.

The sneezewort, a hardy perennial plant, got its name because its strong odor makes some people sneeze.

Idaho has an area of 83,000 square miles.

Viet Nam Project Keeps On Growing

Only one new name has been added to the list of Antioch boys serving in Viet Nam this week. The latest addition is T. Sgt. J. W. Waters, AF 16255667, 1st Sq. 6200th Material Wing Bx 2, San Francisco, Calif. 96274.

We also have a change of address for Pfc. Mike Grefkowitz US 56452660, D Co. 41st Sig. Bn, APO San Francisco, Calif. 96291.

Response to the Viet Nam project has been terrific. Postmaster Joe Wolf reports. Although the personnel at the post office expected to support the cost of sending an occasional package to former Antioch residents serving in Viet Nam, a steady flow of contributions to the project has made it possible for the post office to plan to send packages regularly.

The project started as a plan to send Kool Aid to Viet Nam, both to bring the boys a little comfort and let them know that their friends at home are thinking of

them and appreciate the discomforts as well as the dangers they are undergoing.

Kool Aid was selected as the primary part of their shipment by the post office personnel because so many of the boys in Viet Nam requested it. Relatives coming in to the post office to send packages to the boys told of the many requests for the sweetened powder, because the water tastes so bad.

Since the start of the program, many other items are being included in the packages. Firms and private persons have donated a variety of small objects such as pens, lighters, playing cards, etc. that the boys find handy. Dehydrated soup was added to the list to be included, at the suggestion of a nurse recently returned from Viet Nam. Large packages are being sent to two hospitals in Viet Nam.

The returned nurse also recommended paper back books, puzzles, etc. for leisure time activities. Crossword puzzles are particular-

ly in demand. Several of the paperback books have been brought in to the post office for shipment overseas.

Postmaster Joe Wolf emphasizes that no one is asking for donations to the fund to send these shipments overseas. If anyone should call on you asking for such a donation for the post office project, it would be misrepresentation. Although the post office personnel gratefully accepts any voluntary contribution to the fund, there is no plan to solicit such contributions.

The First National Bank is combining aid to the Viet Nam project with aid to the Viet Nam Grade School Band to Expo 67 this summer. They are accepting donations of packages of Kool Aid to turn over to the post office, and contributing 2c to the band fund for each package of Kool Aid they receive.

That the Antioch boys appreciate the packages from home is evidenced by the letters received at the post office from some of the boys who have received the packages. As important as receiving the package of small items is the knowledge that the home town folks remember them and are mindful of their comfort.

Following is a letter recently received from Pfc. William C. Dunfrund:

I want to thank everybody from Antioch for making it possible to send these packages to us men in Viet Nam. It is a wonderful feeling to know folks at home are thinking about us.

Thanks again. God bless you all.
Pfc. William C. Dunfrund, RA16854789, 581st Supply Co. (HMS) APO San Francisco, Calif. 96238.

Here are the names of some of the recent donors to the Viet Nam fund: George Mack, St. Cyr Products, Mr. and Mrs. Carlton Voltz, Mrs. Ed Baumann, Rex Beaumont, The Advertiser, Reeves Drugs, State Bank, Chicago Ink and Research, Floral Acres, First National Bank and several anonymous donors.

The post office personnel hopes to keep the project going as long as anyone from the Antioch area is in Viet Nam. If there should be money left in the fund when the project ends, it will be turned over to the Antioch Rescue Squad.

Member Of Pioneer Family Dies

Miss Alice S. Emmons, the daughter of a pioneer Antioch family, died at 4 p.m. Monday, March 27, at the age of 91 years. She passed away at her home at 948 Main St. in Antioch after a lingering illness.

Miss Emmons was born August 3, 1875, in Antioch and had lived here all her life. Her only living relative is one niece, Mrs. Marguerite Nelson of Antioch.

Miss Emmons' father, Rockwell D. Emmons, and four other families came to Antioch from the state of New York in the early 1800's. Her father purchased the northwest corner of Lake & Main St. in Antioch, from the present location of Wilton Electric to the end of Victoria St. He built his home and a general store on this property, which he operated for many years.

Rockwell D. Emmons passed away on July 19, 1927, at the age of 96 years, and his wife, Sarah Ham Emmons passed away on June 22, 1938, at the age of 100 years, after living in Antioch

Tryouts For "Take Me Along"

There will be tryouts for the musical "Take Me Along" on March 31 from 7 to 9 p.m. and April 1 and 2 from 4:30 to 6:30 p.m. at the PM&L Theatre.

A large cast and crew is needed and director Steve Krotz states that he has a special need for dancers. "Take Me Along" will be given the last weekend in July and the first weekend in August.

Antioch High School students spent part of last Saturday afternoon delivering Easter baskets of food to needy families. Here are some of the Student Council

members ready to start delivery. Left to right, Don Jansky, Terry Nickerson, Denise Prather, Linda Latal and Marty McConahay.

Buchta Wins Color TV

Irving Buchta of Antioch won the RCA Color TV in the big pre-Easter promotion sponsored by the Antioch Chamber of Commerce.

Mr. Buchta had signed only one entry blank in the contest. That one was entered at Wilton's Electric Shop, where he had been shopping for a color TV.

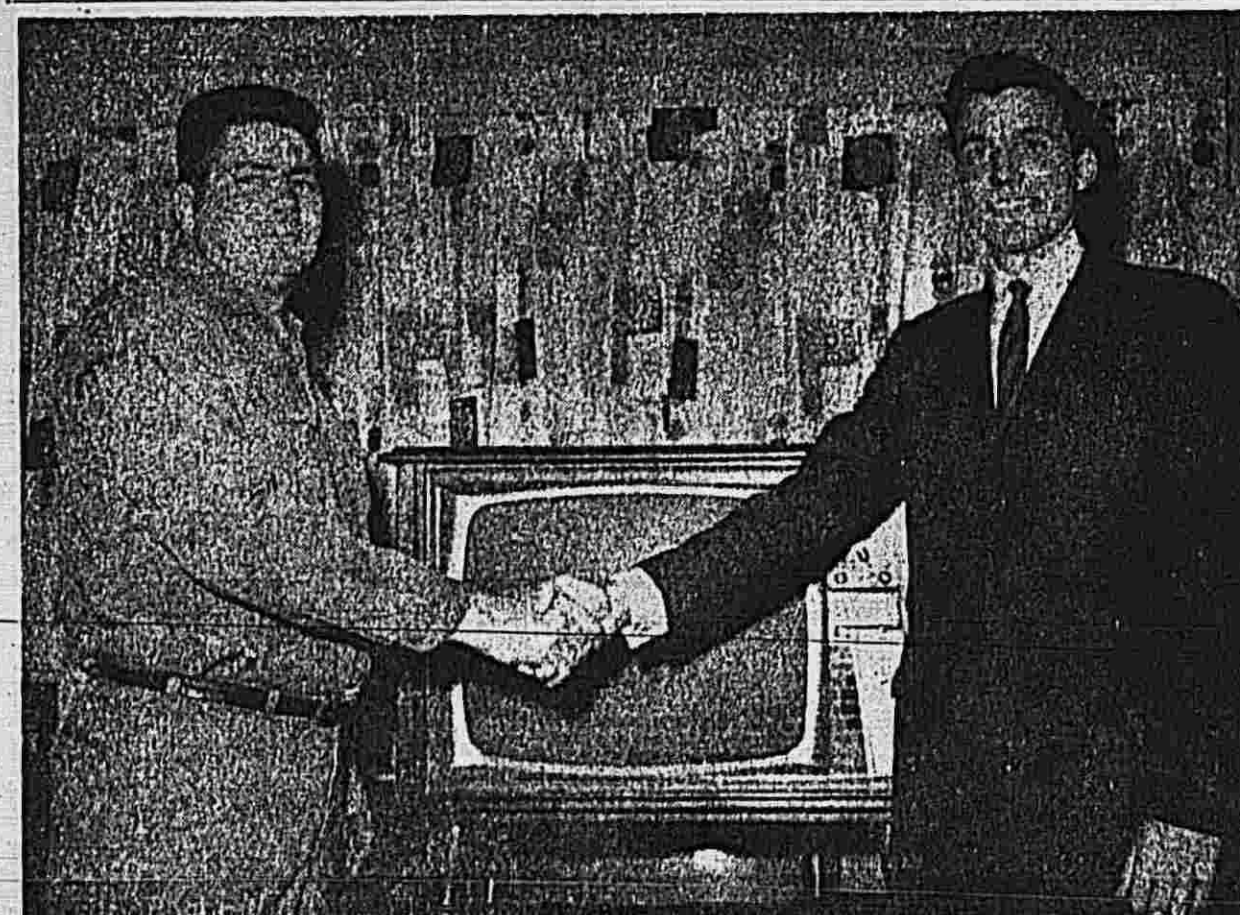

Ten names were drawn in

each of the stores participating in the Easter promotion. Those ten won prizes in the stores where they were drawn, then were put in a box for the large drawing for the color TV, held at 3 p.m. Saturday in the parking lot on Broadway.

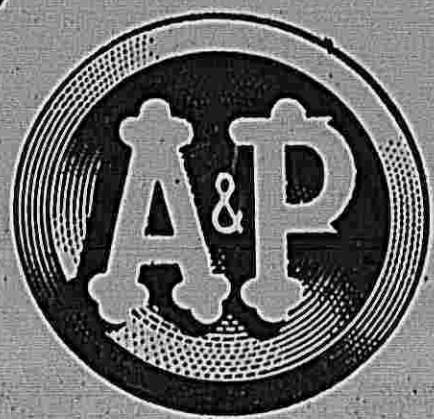

Merchants have posted lists of the winners in their stores. Those who signed

up would do well to check the lists of winners in each store where their name was entered in the drawing. You might be a winner.

Doug Olson, chairman of the promotion and proprietor of The General Store, said that over 400 people signed up in his shop. The Chamber rated the promotion a distinct success.

Irv Buchta (left) won the color TV in the pre-Easter promotion staged by the Antioch Chamber of Commerce. Buchta is congratulated by Chamber president Jerry Babb as he picks up his set.

Did You Ever Think of Getting Your Easter Bonnet From A&P?

We don't sell Easter bonnets but... we suspect many an Easter hat has been paid for with money saved by shopping A&P.

Are we implying that A&P has the lowest prices on all items all the time? No!

There is no store that can make that claim.

What we are saying is: if you're interested in your total food bill, if you're looking for the best values for your food dollar, A&P is the store for you.

It's a little late for this year's Easter bonnet, but start shopping A&P this week, anyway.

It won't be long before somebody in the house will need a new pair of shoes.

Is this a good reason for shopping A&P? It's one of many.

Home Delivery Started Ten Years Ago

Ten years ago, on April 1, 1957, home delivery in the village of Antioch was instituted at the Antioch Post Office.

William Dow and Edward Pratt were the first carriers for the home mail delivery. Dow, who is now deceased, made deliveries on foot; Pratt, who covered part of his route by foot and part by car, is now a rural carrier, on Route 4.

There were about 90 homes in Oakwood Knolls ten years ago. This was the main portion of the mounted route. Now there are 190.

The city routes have been revised since then — there are now three. There were four rural routes, now there are five.

Delivering within the village now, ten years later, are Angie Bureau, who handles the walking route, and two mounted carriers, Bob Carter and Ed McBride. Part of Carter's and McBride's routes are delivered on foot.

There will be tryouts for the musical **"Take Me Along"** on March 31 from 7 to 9 p.m. and April 1 and 2 from 4:30 to 6:30 p.m. at the PM&L Theatre.

They are accepting donations of packages of Kool Aid to turn over to the post office, and contributing 2c to the band fund for each package of Kool Aid they receive.

That the Antioch boys appreciate the packages from home is evidenced by the letters received at the post office from some of the boys who have received the packages. As important as receiving the package of small items is the knowledge that the home town folks remember them and are mindful of their comfort.

Following is a letter recently received from Pfc. William C. Dunfrund:

I want to thank everybody from Antioch for making it possible to send these packages to us men in Viet Nam. It is a wonderful feeling to know folks at home are thinking about us.

Thanks again. God bless you all. Pfc. William C. Dunfrund, RA16854789, 581st Supply Co. (HMS) APO San Francisco, Calif. 96238.

them and appreciate the discomforts as well as the dangers they are undergoing.

Kool Aid was selected as the primary part of their shipment by the post office personnel because so many of the boys in Viet Nam requested it.

Relatives coming in to the post office to send packages to the boys told of the many requests for the sweetened powder, because the water tastes so bad.

Since the start of the program, many other items are being included in the packages. Firms and private persons have donated a variety of small objects such as pens, lighters, playing cards, etc. that the boys find handy. Dehydrated soup was added to the list to be included, at the suggestion of a nurse recently returned from Viet Nam. Large packages are being sent to two hospitals in Viet Nam.

The returned nurse also recommended paper back books, puzzles, etc. for leisure time activities. Crossword puzzles are particularly in demand. Several of the paperback books have been brought in to the post office for shipment overseas.

Postmaster Joe Wolf emphasizes that no one is asking for donations to the fund to send these shipments overseas. If anyone should call on you asking for such a donation for the post office project, it would be misrepresentation. Although the post office personnel gratefully accepts any voluntary contribution to the fund, there is no plan to solicit such contributions.

The First National Bank is combining aid to the Viet Nam project with aid to the fund to send the Antioch Grade School Band to Expo 67 this summer. Changing Times

Three-day week-ends are so popular that there's a move afoot to change the dates of several National Holidays so that they will fall on either Friday or Monday, thus providing more long week-ends.

Both housewives and working wives will vote for this one. So will the fishing and camping fans, who can't do much with a one-day holiday but treasure a long week-end to pursue their favorite hobby.

Most holiday dates were arbitrarily set in the first place, anyway, before the time when ease of travel made the three-day week-end a signal to take off on a motor trip. We've become accustomed to holidays falling on these dates, but a change would be only a momentary wrench.

What difference does it make whether we celebrate Thanksgiving on Thursday or Monday? Surely it would not be sacrilegious to celebrate Christ's birthday on the last Sunday in December.

The three-day week-end is a boon to the working man and his family. The move to make holiday dates conform to the working schedule of a highly industrialized society such as ours is as natural as a change to any of the modern conveniences.

Courthouse Notebook

BY LOU DURKIN

About half the members of the 37 member Lake County Board of Supervisors will be up for re-election in the township elections on Tuesday and there are some who are in deep trouble.

Some, like Antioch Supervisor Lloyd Murrie, are unopposed and are assured of returning to the board, but others are faced with stiff opposition from ambitious candidates and from an electorate that is beginning to get interested in the doings of the county administrative board.

The new county administration building is one major source of voter disenchantment because of the numerous costly delays and the grand jury investigation which is trying to determine why there are no courtroom in the "courthouse."

Voters are gradually becoming aware that promises by board members that new taxes would not be levied to build a new courthouse have been broken by the supervisors.

Given time the supervisors might be able to explain why taxes to pay off the bonds are being collected instead of abated, but the voters may not be listening that closely.

This growing feeling that all is not sweet-smelling on the county board could affect even those who voted against building the new county building under the Building Commission plan and "without an increase in taxes."

This could include Deerfield Supervisor Frank B. Peers, a veteran member of the board who has been a constant critic of the board's "Power Establishment," the building commission, and the new courthouse.

Avon Supervisor Norm Geary, one of the economy-minded supervisors, could also be caught in the voter backlash since he is involved in a tight race with former Round Lake Mayor Douglas MacGillis.

It would be ironic if voter dissatisfaction with the spending policies of the county board, coupled with strictly local issues and personal vendettas, should remove from the board some of those who have been most critical of the board powers and their disregard at times for their promises to the people.

Isn't it about time the greater use of the Lake County General Hospital was made for emergency cases, particularly emergencies de-

The Law Serves You

A Public Service of the ILLINOIS STATE BAR ASSOCIATION

LEGAL HELP ALWAYS AVAILABLE TO POOR

Attorneys have always considered the rendering of legal service to persons unable to pay for them to be a primary responsibility of those admitted to the legal profession.

Local bar associations in Illinois, with the assistance and encouragement of the Illinois State Bar Association, have created legal aid societies which hire attorneys to help the poor solve their legal problems. Many attorneys serve the poor on a voluntary basis in addition to the public service offered by the organized bar.

This legal help is rendered because attorneys recognize that unless all men, whether rich or poor, can secure the services of qualified and well-trained attorneys that the rule of "equal justice under law" will never truly

Your Congressman Reports....

By Cong. Robert McClorv

The recent message of the President to the House of Representatives on the subject of Selective Service has focused renewed attention on the problems and inequities inherent in a system of compulsory military service.

Inasmuch as the present Selective Service law expires on June 30, 1967, it will be incumbent on the Congress to take action prior to that time to extend the existing law or to enact a modified version of our Selective Service system. No subject is more difficult or fraught with more individual soul-searching than that which involves the drafting of young men into military service during time of war.

In the first instance, it should be recognized that each year approximately 1,000,000 young men reach draft age of 19. Only one-fifth of that number, or 200,000 is necessary to meet our military requirements. Accordingly, the vast majority of such young men are now and will continue to be deferred. Many of them will never be called for active military service.

Under the plan proposed by the President, the eligible 19 year olds would be selected by lottery. In other words, a national lottery would be held periodically pursuant to which a numerical schedule applying to all 19 year olds would be established. Twenty year olds would not become vulnerable again until the complete list of eligible 19 year olds had been exhausted—a relatively unlikely circumstance.

The subject of student deferment continues to raise a storm of controversy. Unfortunately, the President's recommendation has left this subject almost completely in limbo. While the President was silent on undergraduate deferments, he did recommend deferment of graduate students in the fields of medicine and dentistry. One may ask why engineers and scientists as well as educators—activities essential to successfully support our great nation—particularly in time of war—were omitted.

Escape from Selective Service through Army and National Guard duty will be sharply curtailed if the President's recommendations are followed. Under his proposals most reserve enlistments will be limited to young men between the ages of 17 and 18½ years.

An interesting corollary to the Selective Service problem involves the use of civilian personnel to fill non-combatant jobs heretofore filled by the military. It is proposed to hire 40,000 additional civilians for duties ranging from mess hall to barrack attendants to high salaried man-

exist. Free legal assistance is available in civil as well as criminal cases. When a person has been charged with a serious crime judges are required to appoint a lawyer to defend him if the defendant does not waive his right to counsel.

Recently, the Federal Government has provided funds for the creation of new legal service programs in places where none previously existed, and for the increase in the amount of legal services rendered by already existing legal aid offices. These funds have been made available through the Legal Services Program of the War on Poverty and has been one of the most successful battles of that war.

The Legal Services Program has received the approval of the American, Illinois and several other bar associations. The organized bar supports this program because it recognizes that no matter how much has been done in the past on a voluntary basis much more can be done if money can be made available to adequately compensate the attorneys serving the poor.

Dear Sir:
No more double talk; no more the erosion of States rights by twisting the interpretation of the Constitution to fit unconstitutional laws and court decisions. The new plan is to ignore the Constitution and the President tells the 50 Governors that the reward will be quadrupled benefits to the States from Big Brother.

This is the proposition: "There should be less talk of States right and Big Government in Washington. We are living through the birth pangs of a fundamentally new process of American Government; a new kind of Federalism that could quadruple Federal aid to the States in 5 years."

Do the Governors really believe in Santa Claus? Could they know that all the lollipops and sugarplums must be extracted from the mommas and pappas of their own states?

If the people will not elect Governors and Congressmen who will preserve our Constitutional Republic; better the name United States be changed to "Democratea; or Birdland?"

Yours truly,

Dear Editor,
I am slightly amazed and almost incredulous at the seemingly unlimited possibilities for complete control by the Secretary of the Interior and the Secretary of Agriculture over what is now private property if the "Wild Rivers Act," a bill introduced on Jan. 11, 1967 into the United States Senate as S. 119 and referred to the Committee on Interior and Insular Affairs, goes into effect.

According to this proposed Act, the National Wild Rivers System would include specific areas reaching across the nation, and providing for possible inclusion of any other river or segment thereof. Under Sec. 4(f) "Wherever

the power of condemnation has been conferred by this Act, the Secretary of the Interior and the Secretary of Agriculture may acquire in fee title by condemnation an area which may not extend more than three hundred feet on either side of the stream, tributary, or river; and either Secretary may acquire by condemnation for scenic easements, or other interests in land other than fee title, an area which extends no more than one thousand three hundred and twenty feet from either side of the stream, tributary, or river."

But, with incredulity and amazement, I must accept the fact that this bill, S. 119, was actually read twice in the 1st session of the 90th Congress of the United States and referred to the Committee on Interior and Insular Affairs. According to Sec. 1 of S. 119, "This Act may be cited as the 'Wild Rivers Act.'"

Ah, how appropriate is this title, so beautifully euphonious and indeed fitting for this Act which proposes to "make accessible for the benefit of all the American people selected parts of the Nation's diminishing resources of free-flowing rivers." Sec. 2(a).

And just think of the possibilities — as under Sec. 1, (b), "A wild river area eligi-

ble to be included in the System is a stream or section of a stream, tributary, or river — and the related adjacent land area—that should be left in its free-flowing condition, or that should be restored to such condition, in order to promote sound water conservation, and promote the public use and enjoyment of the scenic, fish, wildlife, and outdoor recreation values."

I wonder how soon this "Wild Rivers Act" can be implemented so that it could be possible through this Act for all the American people to enjoy the recreational advantages of the free-flowing waters of the Fox and Des Plaines Rivers and the bodies of waters which drain therein and which are now primarily limited to owners of properties along these waters.

Very truly yours,
Willadene L. Nicholas

Happy prize winners in the Easter Egg contest at The Shoe Box in Antioch. Left to right, Kim Blowers, Fox Lake, first in the 9-12 year group, won a bike; Joan Heick, a typewriter; Kim Zobus, a doll; Jeffrey Wix, a typewriter; and John Heick, first in the 3 to 8 year group, a bike.

Award Prizes At Shoe Box

The egg-decorating contest at The Shoe Box ended last week and prizes were awarded in two age groups.

The entries were many and varied, some pretty, some imaginative. Judges rated originality high on the list of desirable qualities. Winner of second prize in the 9-12 age group had broken his styrofoam egg into pieces and glued the broken bits on

a small plaque, with the title "Don't Crack Up Over Easter."

First prize winner in the older age group, Kim Blowers of Fox Lake, had used pipe cleaners with the styrofoam egg to create a long-legged bird with a fan-like tail.

John Heick, winner of the first place in the 3 to 8 year group, had painted the egg black and added wings and detail to create a bat. John won a bike for his efforts.

Other winners in the younger age group and the prizes they received were

Joan Heick, a typewriter; Kim Zobus, a Baby Bright Nursery set; John Renfrow, a volleyball set; Ken Bloom, a sculpture set; Jim Heick, a Tap-a-Tune typewriter; Jill Grumbeck, Snippy Scissors; Hal Fox, a chalk set; J. Heick, a Capt. Nice set; Thomas Thomasson, a socker ball; Paul Strahan, train set and Denise Connelly, top.

Winners and their prizes in the 9 to 12 age group were Kim Blower, a bike; Jeffrey Wix, a typewriter; John Dvorak, a radio; Skip Drie, roller skates; Duane Kadlec, ping-pong set; Mike Palecik,

Overseas Air Mail Rates To Rise

An increase in international surface and airmail rates averaging 13% will go into effect May 1, 1967 to help offset a current operating deficit of about \$16 million annually in international postal service.

The increase will not apply to mailings for members of the Armed Forces overseas. Domestic postage rates are applicable to mail addressed through APO's and FPO's.

The changes in rates were first proposed in the January 14 Federal Register, giving interested parties thirty days to comment. The confirmed rates appeared in today's Federal Register and will be put into effect by the Postmaster General under his administrative authority. No legislation is needed.

Comments dealing with increased rates for magazines clarified mailing problems of publishers. Accordingly, as shown in point No. 8 below, the originally proposed increase in rates to Canada were modified by delaying the effective dates. Highlights of the final action are:

1. Airmail letters to Central America and the Caribbean area will be increased from 13c to 15c per half ounce.
2. Airmail to the rest of the Western Hemisphere will remain at 15c per half ounce, except for Canada and Mexico.
3. Airmail to Europe and Mediterranean Africa will be increased from 15c per half ounce to 20c.
4. Airmail letter rates to the rest of the world will remain unchanged at 25c per half ounce.
5. Aerogrammes and air post cards will be increased 2c each from 11c to 13c.
6. Items sent by air, other than letters and parcels, such as small packages, books, periodicals and other

reel; Dawn Laursen, swim fins; Christine Wix, a Monopoly game; Barb Pruitt, a game; Sherry Buscher, a dart board; Kim Barlow, a game; and Kevin Fox, a baseball.

printed matter will be increased 10c per piece to all countries except Canada.

7. Most letters going by surface transportation to all nations (excluding Canada and Mexico) will be increased from 11c to 13c. Post cards will be raised from 7c to 8c.

8. Most printed matter, including publications, will be increased 1c per piece. For 2nd class publications to Canada only, the one cent increase will be deferred for six months to become effective November 1, 1967. Also the present bundling rate which permits postage to be computed on the bulk weight of packages of publications addressed to Canadian post offices will remain in effect until November 1, 1968, at which time it will be discontinued.

9. Surface parcel post rates to all nations will be increased 20c per parcel, an average of 7%.

Postage rates for surface first class letters and air letters and surface 3rd class type printed matter to Canada and Mexico correspond to U. S. domestic rates, which are set by the Congress, and are not being changed at this time.

will cost the State \$100 million every two years. So we spend \$100 million to get \$47 million back. Not a very profitable transaction—is it?

This is one of my reasons for putting a Bill into the Legislature that would abolish the Northern Illinois Metropolitan Area Commission. Because even the our municipalities all have their own planning boards, and even though we have a very fine Lake County Regional Planning Commission, the Federal Government still tells

THE ANTIOCH NEWS 3

us that if we want our matching funds for local projects, we must conform to the Master Plan of NIPC. I insist that our own County Planning Commission, our own Municipal Planning Commission certainly knows our own land usage better than a bunch of "arm chair" experts out of Cook County.

I am tired of our people being blackmailed by the Bureaucrats in Washington. I raise the simple question of what are our great U. S. Senators and Congressmen doing to us as citizens to allow this Blackmail? Have they forgotten that they were sent to Congress to protect the people and not enslave them? I refuse to vote for any issue on the threat that we will lose our Federal Funds from a "so generous Uncle." We should have a certain per cent of our income tax returned to our State and this in turn should be evenly divided into our Counties and let us decide on a local level what we want to spend it for and what laws we want to live under.

If our Congressmen don't soon wake up and protect our freedoms, we will have no more freedom left to protect!

The April 3rd meeting of the Antioch Woman's Club will present Sadie Stern Merel, "the woman of a hundred voices," in "The Subject Was Roses."

Mrs. Merel is the midwest's leading interpreter of New York hit plays. This vibrant dramatic actress is the only one in her field who uses complete amazing changes of voice and face for each role she portrays in current New York comedies and dramas. Without a moment's hesitation, Mrs. Merel is able to transform her voice from gruffest masculine voice to the high-pitched shrill of an excited woman.

Mrs. Merel is a First Prize Winner of the Gold Medal in Dramatic Expression at the American Conservatory of

Music, First Prize Winner of a Year's Scholarship at the American Academy of Music and Art.

Mrs. Merel's dramatic background includes appearing on radio and television productions, touring with stock companies, appearing on the New York professional stage and traveling throughout 6 Midwestern states as a club platform artist.

The meeting will begin at 1 p.m. at the Scout House. Members may bring their guests.

The hostess committee for the afternoon will be Mesdames A. H. Kaufmann, Irving Elms, C. F. Spiering, Charles Solar, Richard Radke, James Kopriva, Clarence Kientz, Edmund Vos, Henry Ruck.

American Legion Auxiliary News

By Del Jahneke

There will be a 10th District American Legion and Auxiliary Child Welfare meeting, to be held at the Lake Region's Legion Home in Fox Lake, on Sunday, April 2nd, at 2:00 p.m. District co-chairmen are Jack Zamin and Mrs. Richard Orlowski, both of Fox Lake.

This meeting is important as plans will be formulated for the annual 10th District Child Welfare picnic, to be held in May at the Lake Region's Legion Home, for approximately 150 children from the Lake Villa Central Baptist Children's Home, Lake Bluff Children's Home, Allendale School for Boys, and Arden Shore Home. Mrs. Walter Hills is the Antioch Unit Child Welfare Chairman. All Legion Post Commanders, Unit Presidents, Post and Unit Child Welfare Chairmen are urged to attend this meeting.

Mrs. Ray Rathmann, Antioch Unit President, accompanied by Mrs. Lester Zitkus, Americanism Chairman; Mrs. Myra Randall, Civil Defense and National Security Chairman; and Mrs. Bernard Stadick, 1st Vice President, will attend the 39th Annual Patriotic Conference of the Illinois American Legion Auxiliary. The Conference will open at 9:30 a.m. on Friday, April 7th, at the Conrad Hilton Hotel in Chicago and will continue throughout the day.

The State President, Mrs. Louis Unter of Champaign, will conduct the Conference with the programs being focused on Americanism, Civil Defense, and National Security. More than 800 Auxiliary members from the state of Illinois are expected to be in attendance.

Among the featured speakers will be the American Legion National Commander John E. Davis, whose talk will stress the American Legion's special emphasis on "Law and Order," in co-operation with law enforcement agencies.

Mrs. Roy J. Manford, National Vice President of the Central Division (of which Illinois is a part, will be a guest of honor at the Confer-

ence Luncheon, to be held in the Grand Ballroom of the Conrad Hilton, at 12:30 p.m. Mrs. Manford will speak on the progress of the Auxiliary programs thus far this year. Captain Wayne Downing, from Fort Benning, Ga., a Viet Nam veteran, will speak on National Security.

Covering the Civil Defense aspects of the nation will be Ted Higgins, American Red Cross Adviser to the National office of Civil Defense in Battle Creek, Michigan.

The Civil Defense Program of the Illinois American Legion Auxiliary states that the old conception of civil defense being only for use in case of a nuclear attack is fading in the face of the many emergencies which arise in our communities every day. Education for Survival Courses are conducted by the Illinois Civil Defense Agency. Anyone can take these courses and may write to Mr. C. P. Goodwin, Co-ordinator, Civil Defense Adult Education, 316 South 2nd St., Springfield, Ill., for information of the agency in your area giving this course.

To Elect Officers At H. School PTA

MOOSE TOPICS

By Lillian Birdsell

The Hunting Club of the Antioch Moose Lodge held their meeting at the Moose Home Thursday evening, March 23, with approximately 20 members present.

President Leonard Huhn announced that the area for the Control Shooting has been obtained and that the pheasants for next year's hunting season has already been purchased.

Secretary Jerry Kusch said that he sent a letter to the Elgin Moose Home informing them that since the Hunting Club of Antioch is just getting started and that they are not quite ready for competition in trap shooting at this time but will consider it for the coming year.

The meetings of the Hunting Club will continue throughout the year and will be held on the fourth Thursday of every month at the Antioch Moose Home starting at 8 p.m.

The election for new officers will take place at the August meeting and the newly elected officers will take their respective chairs at the first meeting in September.

Notices will be sent to all delinquent members informing them that they would be dropped from membership for the coming year unless dues are paid in full.

Chairman Scotty Birdsell suggested that the hunting club should donate a gift to the Loyal Order for their kindness in extending the facilities of the lodge for their purpose. It was moved and approved that the Hunting Club would donate a Westinghouse, stainless steel roaster to the Loyal Order.

Delbert Huhn will give a demonstration on an automatic shotgun shell reloader at the next meeting scheduled for the Hunting Club which will be Thursday, April 27th.

The big event at the moment for the Hunting Club is the Hasenpfeffer dinner which is set for Saturday evening, April 8th. Serving will be from 5 to 8 p.m. and dancing will follow to the

Switch to gas heat now. It makes sense.

Because we'll finance the conversion to gas through your heating contractor. Terms: No down payment. No payment until October 1, 1967. Up to 5 years to pay. Payments as low as \$3 a month.

Because if you live in a typical, insulated home with a basement, gas heat will save you \$92 a year over oil heat, \$97 a year over hard-fired coal heat, and \$317 a year over electric resistance heat.

Because with gas heat you'll be rid of expensive maintenance, costly repairs. And because you'll have no delivery problems, you'll have peace of mind. You can put your own price tag on that!

Because clean, comfortable, dependable gas heat saves you money from the very start. In fact, your savings soon pay for the cost of conversion.

And it also makes sense—when you heat with gas, why not cool with gas? Ask your contractor about adding gas air conditioning, too. (We'll finance both.)

Antioch Chapter No. 428, Order of the Eastern Star held two regular meetings during March with Carrie and Herb Pauli, Worthy Matron and Worthy Patron, presiding.

On March 9th four candidates were initiated into the Order and signed the By-laws of Antioch Chapter.

The Past Matrons met between meetings on March 15 at the home of Rosalind Keating. The February meeting was cancelled by weather conditions.

A special election was held at the March 23rd meeting to fill a vacancy in the office of Associate Patron. Joseph Parfitt was elected. Elsie Hays was appointed to fill the office of Warden. They both will be installed on April 13th.

The Diamond Jubilee was discussed and the possibility of holding a roast beef dinner sometime during the celebration was suggested. The members are to think it over.

Birthdays from the months of December, January, February, and March were celebrated by those present: Mary Brusk, Marion Kleven, Lillian Woods, Harold Kleven, Josephine Kirschbaum, Hazel Parfitt, Thelma Anderson, and Carrie Pauli. A small gift was presented to Carrie from the officers and members.

Final plans were discussed for the Scottish Bile dinner that was entered by the Chapter on March 29.

A social hour was held following both of the meetings.

Easter Egg Hunt

Thirty-two children from the Cub Scout dens of Dorothy Golden and Hilda Huntington and the Campfire girls that the ladies are sponsor and guardian of, enjoyed an Easter egg hunt and party at Mrs. Huntington's home Saturday from 11:00 a.m. until 1:30 p.m.

For finding a gold egg, Gary Thompson, Steve Coles and Paul Paige were given large chocolate rabbits. Michael Golden, Sheila Rajnovich and Ricky Coles also received large chocolate rabbits for finding silver colored eggs. Ricky Ugham was awarded a decorated lamb cake that Mrs. Huntington made when he found the most eggs hidden in the yard. Eight dozen eggs had been colored by the children at their meetings Tuesday. Dorothy Thompson assisted the ladies with the preparation and serving of the charcoal broiled hamburgers, cooked outside, jello molds, potato chips and soda pop. When they left, they were each given a filled Easter basket that they had made, and a decorated cup cake.

This was Mrs. Huntington's farewell party for the Cub Scouts as her sons have advanced to the Webelos and she is going to work with the Campfire Girls now, as Guardian.

Shrine Charities Game To Open Rifles Season

The Lake County Rifles professional football team has scheduled a Shrine Charities Bowl Game to usher in the 1967 season. The Rifles, 1966 champions of the Central States Football League, are sponsoring the game in cooperation with three Lake County Shrine organizations. The Dayton Colts of Dayton, Ohio, will be the opponents of the Lake County team. The game is slated to be played on Saturday evening, Aug. 12 at Waukegan's Weiss Field. Proceeds will be divided among the general Shrine charities.

Dayton is a member of the Midwest League which includes clubs in the Michigan-Ohio area. Such stars as Karl Swelan, Tom Meyers and Bob Ferguson are active in the league. The Colts have posted a two year record of 15 victories and five losses, which is an identical record to that of the Rifles.

The participating Shrine organizations are Chain O'-

Lakes Shrine Club, Tebala Motor Patrol and the Lake County Shriners Club. Chairman of the Bowl Game is Judge Harry Strouse of the latter organization.

The contest will mark the first joint fund raising endeavor by the County Shrine Club. Officials are hopeful of making the event an annual affair.

Plans are being made to provide a spectacular pregame and halftime show with Shriners from the metropolitan Chicago area being

featured. Ticket information will be available in the near future.

For the Rifles it will kick-off their 1967 season and provide the CSL champions with an exhibition warmup prior to launching league play. The league schedule is being drawn up and will include newly admitted Delavan, Wis., and a possible tenth entry from Indiana.

Coach Gene Cichowski will be at the helm of the Rifles again. Cichowski will name his two coaching assistants shortly.

Learn To Tie Flies

The next fly-tying class at the Northern Illinois Conservation Club will be held Monday, April 3, at 8 p.m., at the club house at Channel Lake. Members, their friends and non-members are invited to attend.

The classes are free, and are conducted by Mrs. Edith Andreas. A charge of 25c is made to cover the cost of the material used, sufficient to make four flies.

Anyone wishing to take part is asked to bring a vise and tools, if you have them. A few are available at the club.

Subsequent classes will be held Mondays, April 17, May 1, May 15, June 5 and June 19.

HUNTING TALLY

Sportsmen bagged 2,548 rabbits, 1,203 quail, 429 squirrels, and two deer on eight state conservation areas during the 1966 hunting season, the Illinois Department of Conservation reported.

Hunters are required to report to check stations on these areas but do not have to apply for permits in advance. The areas are: Stephen A. Forbes, Marion County; Lake Ramsey, Fayette County; Red Hills, Lawrence County; Sam Dale, Wayne County; Washington County Area near Nashville; Randolph County Area north of Chester; L. P. Dolan Area, Hamilton County, and the Glen O. Jones Area, Saline County, where the two white tailed were killed.

William T. Lodge, director of the Illinois Department of Conservation, said the areas are visited by anglers, picknickers and campers in spring and summer but were not utilized by the public to any extent in fall and winter until they were opened for hunting.

"Hunting has had no effect on the breeding potential and neither has winter weather," Lodge continued. "There is plenty of breeding stock left to populate the areas."

Little Louise Ann Barly sits happily on the huge bunny she won from the State Bank in their "Guess the Number of Eggs" contest, while vice president Richard Daniel presents \$25.00 bonds to Marcia Kroepin, Lake Villa, and Mark Telinski, Antioch.

Winners In Bank Contest

Marcia-Kroepin, 11 years old, of Lake Villa, was winner of the first prize in the Girls' division of the State Bank's "Guess the Number of Eggs in Peter Rabbit's Basket" contest. Mark Telinski, 4 years old, of Rt. 3, Box 738, Antioch, was first place winner in the boys' division. Each of the youngsters received a \$25 bond from the State Bank.

The third prize winner was

21-month old Louise Ann Barly of Trevor, Wis. She won the huge stuffed rabbit in the display at the bank. The children guessed the number of eggs in the basket that the stuffed rabbit held to win their prizes. Twenty prizes in all were given out ten in the Girls' division and ten in the Boys'.

The correct number of eggs in the basket was 1,443. Marcia guessed 1,462; Mark 1,446 and Louise Ann's guess was 1,420.

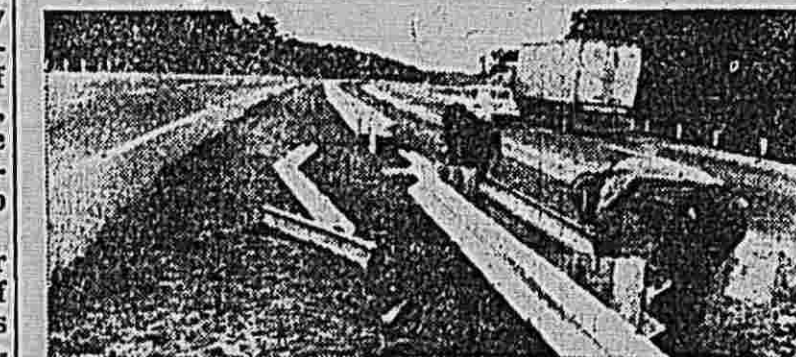

About 3,000 entries were submitted in the Guess the Number contest.

Resilient Median Highway Barriers Make Safer Roads

Protective steel guard rail is one of the reasons why most of the nation's toll roads are far safer than highways without such median protection.

Already a safe highway, the Massachusetts Turnpike is now installing even more safety by the erection of the first 11 of a total of 85 miles of additional steel median barriers.

Oklahoma's famous 88-mile long Will Rogers Turnpike, owes much of its safety to the protective steel median barrier which prevents head-on collision fatalities.

Powell Submits Motor Vehicle Proposals

Springfield, Ill. — Five proposals submitted to the General Assembly by Secretary of State Paul Powell, including the one calling for compulsory periodic motor vehicle inspection, has won unanimous approval of the House Committee on Highways and Traffic Safety.

The motor vehicle inspection measure now goes to the Appropriations Committee, while the others go to the House floor for action. In presenting the motor vehicle measure (H 1), Representative Allen T. Lucas, its sponsor, told the committee

members that it will probably have to be amended on the House floor to meet federal government requirements which are expected to be announced within 30 days.

At present, it calls for annual inspection of passenger cars and semi-annual inspection of trucks by licensed garages, automobile dealers and similar establishments, and authorizes the Secretary of State, under certain circumstances, to suspend the registrations of vehicles which fail to pass the inspection.

A companion bill (H 90) makes presentation of a valid requirement for re-registration of the vehicle.

Secretary Powell expressed his gratification at the committee's action, declaring that "while this does not necessarily mean that the bill will be enacted in its present form, it is, I think, definite evidence of the General Assembly's attitude toward the principle of periodic motor vehicle inspection."

The other measures submitted by Mr. Powell which were approved by the committee exempt owners of stopped, standing or parked vehicles involved in accidents from the present requirement of the law to establish future proof of financial responsibility for a three-year period (H 329), require persons issued operator's licenses to surrender any chauffeur license or permit they hold at the time (H 636), and clarify the Secretary of State's authority to suspend and revoke driver licenses for any of various fraudulent uses of the licenses (H 637).

The Senate, on Tuesday, passed and sent to the Governor one of Mr. Powell's proposals, and defeated another. The measure which was passed provides that library taxes shall be paid directly to

County Drive To End Measles

A county-wide polio vaccination project conducted by the Lake County Medical Society in 1963 has virtually eliminated polio as an epidemic threat in Lake County and similar results are anticipated for the END MEASLES—Once and For All campaign now being conducted by the medical group.

The seven to nine day variety of measles is generally considered a minor childhood inconvenience, but in Lake County in the past six years, six children have died from the disease and others have suffered mental retardation, impairment of hearing and other complications.

A new one-dose measles vaccine with an excellent record of preventing measles has been developed by Dr. Anton J. F. Schwarz, Director of Research for Human Health Products of the Pittman-Moore Co., a division of Dow Chemicals.

The Lake County Medical Society is making this vaccine available to children between the ages of one and 12 years at a series of clinics to be held in selected schools throughout the county on END MEASLES DAY, Sunday, April 9, from 11 a.m. to 3 p.m.

The vaccine has been provided through a grant from the Lake County Health and Education Foundation which was established to administer funds left over from the polio campaigns of 1963 and 1964, and from Federal funds under the Vaccination Assistance Program.

There will be no charge for the vaccine or the inoculations, but a voluntary contribution of 50 cents will be asked to help defray other costs of the clinics.

Working with the Medical Society in conducting the clinics will be the Society's Auxiliary; the Waukegan-North Chicago Chamber of Commerce, Parent-Teachers organizations, Nurses groups and many other organizations.

Other groups who wish to assist in the program are asked to call END MEASLES Campaign Headquarters, DE 6-7500.

The local Clinic will be held at Antioch high School. Registration forms are available in the schools, doctors' offices, drug stores, hos-

pitals and other public buildings, according to Dr. John Ring, co-chairman of the END MEASLES committee, who urged pre-registration to avoid delay at the clinic.

Every child who has not been vaccinated and has not had measles should receive the vaccine unless they are being treated for some chronic disease, such as leukemia, cancer, or tuberculosis.

Children with a temperature in excess of 101 degrees on the day of the clinic and those allergic to eggs or egg products should not receive the vaccine, according to Dr. Ring.

the library board of directors (M 153), and the defeated measure would have established a \$1 motor vehicle registration fee for Illinois citizens serving on active duty with the nation's armed forces, the same fee now offered to members of the Illinois National Guard and Naval Militia (H 87). The bill was amended in the House increasing the fee to \$2.50.

PECAN SOUR CREAM COFFEE CAKE

First prepare Pecan Topping:

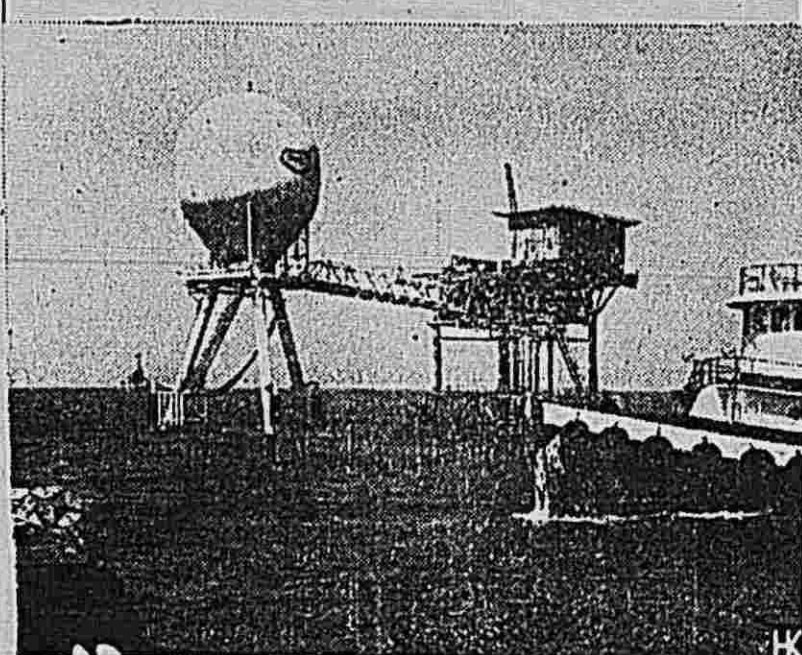

¾ cup brown sugar, firmly packed
1 tablespoon flour
1 teaspoon cinnamon
2 tablespoons butter or margarine
1 cup chopped pecans
Combine the brown sugar, flour, and cinnamon. Cut in butter until the consistency of cornmeal. Add chopped pecans and mix well.

Second, prepare batter:

½ cup butter or margarine
1 cup granulated sugar
3 eggs
2 cups sifted flour
1 teaspoon baking powder
1 teaspoon baking soda
¼ teaspoon salt
1 cup sour cream
½ cup white raisins

Cream butter and sugar. Add eggs and beat well. Sift flour, baking powder, soda and salt. Add to creamed mixture alternately with sour cream making about 3 equal additions of each, and blending after each addition. Add raisins and mix well. Spread mixture in a greased baking

STEEL ICEBERG

THERE'S MORE than meets the eye to this bulb-shaped crude oil storage facility located 70 miles out in the Gulf of Mexico. Most of its 30,000-barrel storage capacity is located underwater, in a ring-shaped tank on the floor of the gulf. The submerged tank, 131 feet deep, anchors the three-legged upper tank, eliminating the need for piles or other foundations. The unique "over-and-under" storage facility is made of rugged steel plate to withstand hurricane waves.

SOME PARK ROADS BAD

Road conditions brought about by the constant freezing and thawing have caused many arterial roads throughout state parks and conservation areas to be temporarily closed to public use in many parts of Illinois.

Persons getting spring fever and the urge to be out of doors should contact the park ranger in the area they intend to visit and check on conditions in that particular

area. This will save many miles of needless driving if the area is closed.

William T. Lodge, director of the Illinois Department of Conservation, said this condition will probably prevail for the next few weeks and that park rangers have been instructed to close the roads whenever there is a possibility of road damage due to auto traffic.

Viet Nam Vets Get On-The-Spot Counselling Service

A program to provide on-the-spot veterans benefits information and counseling to military personnel serving in Viet-Nam even before they return to the United States was announced today by William J. Driver, Administrator of Veterans Affairs.

Acting in response to President Johnson's instructions to do all possible to smooth and speed the transition from military to civilian life, Mr. Driver said Veterans Administration contact representatives would be on duty in Viet-Nam not later than January 30. The representatives will counsel and assist about-to-be-veterans in Viet-Nam in regard to provisions of the new G.I. Bill and a wide range of other benefits administered by the Veterans Administration.

Included as members of the first VA contact team to be stationed in Viet-Nam will be Richard Bush of Chicago, who was awarded the Medal of Honor during World War II, and John P. McFadden, N. J., who has military honors including the Distinguished Service Cross. Many other VA contact representatives have volunteered for the VA mission in Viet-Nam, and the plan calls for a periodic rotation of personnel.

The Viet-Nam program is the second delay-slashing endeavor initiated by the VA in recent weeks.

Last month Administrator Driver arranged for visits to military hospitals by VA officials to provide bedside vocational rehabilitation counseling for seriously disabled veterans. The hospital counseling is designed to facilitate vocational training and restore employability at the earliest possible date.

Under prior procedures, the VA provided such counseling only after the man had been discharged from service, and then sought VA assistance as a disabled veteran.

March of Dimes Teen Age Program Sets Pace in Birth Defects Battle

Paul Petersen, the 21-year-old television, motion picture and recording star, plans to some day "get married and have at least nine kids."

"I also want to adopt all the orphans I can from around the world and bring them all together each year during the holiday season," says the young man who once played the role of Jeff on the Donna Reed TV show.

Like thousands of members of his generation, Paul perhaps best demonstrates his love for children through his efforts to fight birth defects. He is national chairman of the March of Dimes Teen Age Program (TAP) for the second consecutive year.

The National Foundation-March of Dimes is conducting an all-out war against birth defects which strike 250,000 infants born in the United States each year. As national TAP chairman, Paul is working to stimulate interest in this vital problem among young people—the nation's future parents.

Thousands of TAP members across the nation are taking an active part in the fight against birth defects through year-round programs of education, service and fund raising. A good portion of the contributions raised by TAP members has helped the March of Dimes finance its rapidly growing nationwide network of 77 birth defects centers for diagnosis and treatment of infants born less than perfect.

To carry on this fight, teenagers have raised money for the March of Dimes by holding dances, basketball games, car washes, skating parties, and by selling everything from balloons to spaghetti dinners.

Who are these teens? And how have they channeled their energies into the TAP movement?

Paul Petersen, a native of Glendale, Calif., is one teenage idol who is serious about education. In high school he maintained a straight A average, and in college he is now an honor student in night school and university extension courses.

For two years Paul was TAP chairman in Los Angeles. Then, in 1965, he was named national co-chairman along with Luci Baines Johnson, the younger daughter of the President.

TEENAGE IDOL PAUL PETERSEN signs his autograph in a big hand for the little lady, Donna Dill. Both have signed up for the fight against birth defects—Paul as national Teen Age Program chairman and Donna as March of Dimes 1967 National Poster Child.

The National Foundation offers the Luci Baines Johnson Service Award to young adults who best exemplify the significant contribution of youth to the fight against birth defects.

The TAP co-chairman of Baltimore, Md., 18-year-old David Green, is the 1966 national winner of this award. Among his accomplishments was the organization of educational, service and fund-raising programs involving more than 75 youth groups. This year he is president of his high school student council.

A 17-year-old Denver, Colo., resident is the western area winner, Carolyn Beck, state TAP chairman and a high school honor student, raised \$1,400 for The Salk Institute for Biological Studies in 1965 with the help of the International Order of Rainbow for Girls.

Thomas M. Johnston, 18, Warsaw, Ind., the midwest area winner, organized a series of dances to raise funds for the March of Dimes and built his chapter TAP membership to more than 400. A former high school honor student and president of his student council, he is now studying at Indiana University.

Southern area winner, John Thomason, 17, Corpus Christi, Tex., was able to organize 800 teenagers in a successful shopping center sale to raise money to fight birth defects. He is now a student at Baylor University.

Many March of Dimes TAP volunteers are honor students, leaders in school and members of many youth service groups. All TAPs share the common interest of helping to bring about the day when every child has the chance to grow up healthy.

Takes Refresher Course In Healing

A local contractor who went back to school to review modern electric heat-

ing concepts has been awarded a diploma by Commonwealth Edison Company. He is Donald Gall, Sr., Rt. 1, Box 150, Lake Villa.

The ten-week course sponsored by Edison was held at

the utility's northern division headquarters, 1000 Skokie Blvd., in Northbrook.

New York—(HK)—"The National Science Test," latest in the long string of popular CUS "Test" programs, will be shown on April 4, from 10 to 11 p.m., EST, and this one, CBS, announces, is aimed at the whole family. American Iron and Steel Institute is the sponsor.

Most of the upcoming program will deal with everyday phenomena, the things that happen in the average kitchen, or at play, or at work, and the questions about them will provide the basis for some keen competition within the families watching the show, according to Producer Vern Diamond.

One of the guests on "The National Science Test" will be Don Herbert, the "Mr. Wizard" of recent years. He and the regular CBS team of Harry Reasoner and Mike Wallace will be in

charge of the science demonstrations. And the demonstrations will range, as noted, from the kitchen all the way out into space.

Diamond speaking: "For example, does a big potato cut in pieces always cook faster than a whole big potato? Does salt speed the process of boiling in a kitchen pan? If you open your refrigerator door, will it help to cool off your kitchen? This is the kind of question we'll be asking, because this is basic science."

Once out of the kitchen, the program will range all over the lot, from the backyard, to the playground, to the highway, to the office. Along the way, basic questions will be posed to test the viewers' knowledge of the everyday things he and she see or work with.

To Survey Home Fallout Situation

President Lyndon B. Johnson has replied to Governor Kerner's request to him for a home fallout shelter survey here in Illinois. The president stated he had instructed the National Office of Civil Defense and the Bureau of the Census to immediately begin preparations for a study of homes in Illinois.

State Director of Civil Defense, Col. Donovan Vance, reported that Minnesota, in a pilot study, successfully completed the home shelter survey with a response of 87% of the people living in one to three family dwellings. Vance said, "Since we have a deficit of shelter spaces and an uneven distribution of people to spaces, the home shelter survey is an excellent means of finding additional spaces where the people who need them are located. I therefore feel, Illinois, with its large population, should be among the first group of States to re-

Barbershop Harmony On Little Theater Stage

Lake County music lovers, who enjoy barbershop harmony flavored with changing

moods and humor, will have an opportunity to climb aboard the "Harmony Limited" next Saturday, April 1.

Brought to town by the Lake County Chapter of Sweet Adelines, the "Harmony Limited" will arrive at 8:15 P.M. at the Little Theater, East Campus, Waukegan High School.

Bearing topflight barbershop quartets, the musical journey will include brief stops at points throughout the country which have inspired composers to create tunes and lyrics about them. Highlighting the quartets will be "The Chi-larks" of the

Chicago and West Suburban chapters, Sweet Adelines, second place medalists in 1966 international quartet competition.

Providing vocal contrast to the women will be two outstanding male quartets of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc.

They are "The Yachtsmen" of Decatur with Wally Ryan as emcee, and "The Barber-sharps" of the Chicago South-town and South Suburban chapters, 1966 Illinois District champions.

Local talent aboard will include the Lake County chapter chorus directed by Mary LaMaster; "Crackpots," novelty band, and "The Sunny-sides."

Children and interested high school students may make the harmony trip for half fare.

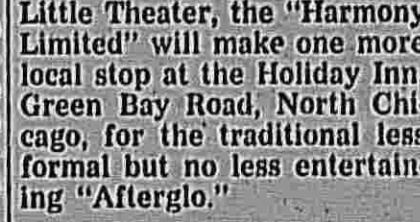

After fueling up at the Little Theater, the "Harmony Limited" will make one more local stop at the Holiday Inn, Green Bay Road, North Chicago, for the traditional less formal but no less entertaining "Afterglow."

"Mr. Pennypacker" Coming To Town

Mr. Pennypacker is coming to town April 14, 15, 21 and 22, and as director Josef Hunley says, "This is a show you will always remember—don't miss it!" This comedy by Liam O'Brian is PM&L's third and last play of the season.

In addition to the players mentioned last week (Dr. Al Bucar playing Mr. Pennypacker, Garnet Oddsen as Ma Pennypacker, and the many children involved) there is a large supporting cast.

George Wren, who resides in Waukegan, plays the oldest Pennypacker son, George. He began with PM&L this winter and has become a very active member. He was originally from Michigan and has played in Carrousel, Taming of the Shrew, Macbeth and Hamlet in amateur theatre groups there. He is in the order service department of American Concrete in Waukegan. His last on-stage performance for PM&L was a guard in Antigone.

A. G. Ramsay, who will never be forgotten for his dynamic performance of Creon in Antigone, is playing the cantankerous Grandpa Pennypacker and just may

steal the show. Dr. Ramsay lives in Ingleside, works at Abbott Laboratories, and is a very adept "jack of all trades" in the theatre.

Sue Bushnell from Lake Villa plays straitlaced Aunt Jane who approves of very little of the goings-on in the Pennypacker household but proves she has a heart of gold as the play comes to a close. Sue has had roles in Music Man, South Pacific and Once Upon a Mattress, as well as doing crew work in many other shows.

Wilbur, the young minister who wants to marry Kate, is played by Steve Krotz. Steve lives in Millburn, works for The Advertiser, and spends the rest of his time at the PM&L Theatre. Audiences will remember him in On Borrowed Time, South Pacific, Once Upon a Mattress, and Antigone. He will turn director this summer when he directs the musical Take Me Along.

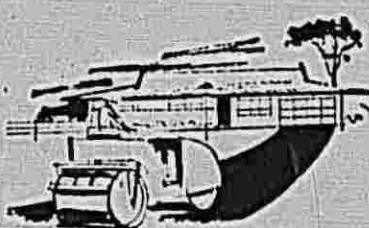

Don Beveroth, from Pad-dock Lake, takes the role of Wilbur's father, Dr. Fifield. Dr. Fifield is also a minister and definitely does not see eye-to-eye with Mr. Pennypacker's free-thinking philosophy. Don teaches English at ACHS, has directed several plays for PM&L (Antigone being his latest) and has acted in Guys & Dolls, A Thurb-er Carnival, South Pacific and Once Upon a Mattress.

Henry Apostol is a new face on the PM&L stage. He brought his daughter to try-outs, read a part just to be helpful, and ended up with the role of the sheriff. It is his first experience on stage. Mr. Apostol lives in Antioch and is a supervisor at Amm-co Tools in North Chicago.

Gary Strahan, a senior at ACHS, plays the roles of Quinlan the reporter and a policeman. He has been active in both high school dramatics and PM&L productions. Audiences will remember him in South Pacific, Little Mary Sunshine, and Rumpelstiltskin.

Ticket reservations can be made by calling Mrs. Vivian Mapleshorpe, 395-3613.

Despite the popular phrase "silly goose," geese are not silly at all, but one of the most intelligent of domesticated birds.

TOWNSHIP OF ANTIOCH REPORT OF EXAMINATION For The Year Ended January 31, 1967

JEDELE and CAIN
CERTIFIED PUBLIC ACCOUNTANTS
Antioch, Illinois

February 28, 1967

Mr. L. E. MURRIE, Supervisor
Township of Antioch,
Antioch, Illinois 60002

We have examined the balance sheets (arising from cash transactions) of the various funds of the TOWNSHIP OF ANTIOCH at January 31, 1967 and the related statements of cash receipts and disbursements for the year then ended. Our examination included the General Fund, Poor Fund, Road and Bridge Fund, Black Top Road Improvement Fund, Special Fund - Lagoona Subdivision and was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary. Accounting records of the Township are maintained on a cash basis and consequently do not reflect as income taxes levied but not yet received or expenses incurred but not yet paid. However, our examination has disclosed no unusual items of either income or expense not reflected on the Township books.

In our opinion the attached statements for the funds of the TOWNSHIP OF ANTIOCH listed above present fairly the financial position at January 31, 1967 and the cash receipts and disbursements for the year then ended in accordance with generally accepted accounting principles for municipalities applied on a cash basis consistent with that of the preceding year.

Yours very truly,

JEDELE and CAIN
Certified Public Accountants

DRIVING

Traffic Safety
by Paul Powell
Secretary of State

The winter driving season is nearing a close, but perhaps it is not too late to offer a word of caution about "peep-hole" drivers.

These are the drivers who clean only a small portion of ice or snow off their windshields, and try to maneuver their way through traffic able to see only what is directly ahead of them.

In the first place, avoid being a "peep-hole" driver yourself. You will have to spend a little

more time in the cold removing snow or just sitting in your car waiting for the defroster to melt ice, but you will be able to see where you are going when you start driving. The old saying in baseball, "If you can't see 'em, you can't hit 'em," doesn't apply to driving a car. The reverse is true. If you can't see them, you may very well hit them.

When you encounter a "peep-hole" driver, watch out. If you are only slightly off to the side of him, he probably is unable to see you, and may very well drive directly into your path, and not realize it until it is too late to avoid a crash.

For your copy of the booklet, Rules of the Road, write to Paul Powell, Secretary of State, Springfield, Illinois 62766.

BROOKVILLE, PA., AMERICAN: "It may surprise a lot of people but every time a doctor stops at the scene of an accident and voluntarily renders emergency aid he is taking a risk. For, strange as it seems, they can be sued if the victim they stop to help dies or is maimed. . . . Every state without a law protecting physicians who act at the scene of an emergency in a Christian sense of their duty to their fellow man should enact one without delay."

The officers to be elected are:

SUPERVISOR
COMMISSIONER OF HIGHWAYS
TWO LIBRARY TRUSTEES.
The Town Meeting for the transaction of miscellaneous business of said Town will be held at 2 o'clock P.M. on said day at the Basement of Fire Station and a moderator having been elected, will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the Town and decide on such measures as may, in pursuance of law, come before the meeting; and especially to consider and decide the following:

A voice vote will be taken, to act on a petition, for or against a special gravel tax for road purposes.

we care

it's impossible

What is?

Trying to describe the beautiful new packages for our A&P Frozen Baked Foods.

You'll just have to see them to appreciate our problem.

This we can tell you:

Delicious as they look, they taste even more delicious.

What are the products like? Well...

There's an Apple Strudel so tender and flaky, the most accomplished German baker would be jealous.

There are Devil's Food Cakes you'll say

only angels could bake... the taste is that heavenly.

There are All Butter Coffee Cakes and Pound Cake as delicious as their names sound.

We could go on and on. But why tease you any more?

Know what your biggest problem is going to be?

Which one to buy first.

Here's a suggestion.

Buy them all.
